On Assignment

THANK YOU

Eugene Soukup of Hoegemeyer Seeds for lunch assistance, as well as to Elite Feeds for lunch, cattle rations, and herd nutrition.

PRE-SALE BULL INSPECTION

Videos of all sale animals will post on www.nagelcattle.com and DVAuction by mid-January. Feel free to visit us and check them out any time at the ranch as well! Early viewing is a great time to visit in detail to match potential herd sires to your herd goals, along with viewing heifer mates, dams and like genetic feeder calves.

BULL CARE

Tyndall Veterinary Clinic, Tyndall, SD and Northwest Vet Clinic, Wagner, SD serve as our herd veterinarians. All yearling bulls will be semen tested mid-to-late March. We encourage you to leave your NCC bull purchases with us to continue their care and then we will help with bull delivery arrangements and/or deliver ourselves locally. This allows us to keep the bulls on the same nutritional standards, semen test and then deliver in early April. We love to hear about your operation and hopefully procure some future feeder calves and/or replacement heifers.

THE NCC FIRST BREEDING SEASON GUARANTEE

We represent these bulls to be sound and their records to be accurate to the best of our ability. All are guaranteed for structural soundness and bulls will be fertility tested in March. If an unfortunate problem arises, please notify us promptly. We can provide a satisfactory replacement (if available) or a credit will be issued for next year's sale for the bull's full purchase price less any salvage value received.

We highly recommend purchasing short term insurance in the event of bull death or injury.

RETAINED INTEREST

Nagel Cattle LLC is retaining 1/3 semen revenue sharing on all bull lots.

MORE INFO AVAILABLE SALE DAY & ON OUR WEBSITE

Ultrasound data, ADG/WDA and Scrotal will be available on sale day! Make sure to visit our website www.nagelcattle.com for info.

ANNOUNCEMENTS

Announcements made sale day take precedence over printed material. All persons who attend the sale do so at their own risk. The sale management and owners assume no liabilities for any accidents that may occur.

WE KINDLY ASK

All bred heifers purchased are to leave on sale day or shortly thereafter.

- Powerful 3-way cross, herd sire prospect.
- Donor Dam 09G is incredible both in phenotype and genetic make up of the Angus bull New Game and a Maternal Made bottom side.
- Pounds heavy, big, grooved topline.
- The frame to produce pounds and red meat in a stylish package.
- For as massive as he is, he still is really clean and choke necked.
- Previous sons working for Nelsons (SD) and Jenkins (IA), all over \$7,000.
- Outstanding EPDs and real time numbers.

Maternal sib to Lot 1 by Icon sold in our 2023 Sale

Maternal sib to Lot 1 by Banker Hours 2F sold our in 2022 Sale

7	1.2	48	72	34	2	80	643

- We sold Enhancer bred heifers for a couple years in 2021 and 2022, sold great, top end, donor quality – so we need to revisit producing more Enhancer progeny. Lot 75: \$22,000, Lot 77: \$8,500, and Lot 73: \$6,300
- Not only great daughters, the bulls and feeders grew extremely well. 251J mated with Rushmore, great possibilities.
- This bull has short ears but might be one of the top Rushmore sons.

LOT 7

- Nova is one I tend to gravitate too!
- Stylish, loose made, powerhouse that stands on a big hoof with a lot of bone.
- He exemplifies what we are trying to produce in performance bulls with a lot of middle – big topped and a big, square, level hip.
- Stout, productive Garth dam 187G bred heifer in 2024 to Sampsons (IA).

LOT 22

- One of my favorite Game On sons.
- Nothing but maternal gems on his bottom side.
- Numbers, EPDs, eye appeal!
- \$10,000 on a Fame son going to Kevin Shuckburgh family in Canada.
- Long-bodied with big, powerful, level hip design.

22 NAGE NAPOLEON 114N

Maternal sib to Lot 22, sired by Fame, sold in 2025 for \$10,000 to Tevin Shuckburgh (Canada).
